

This letter is to inform the FCC that I benefit from listening to XM Satellite Radio and its traffic and weather channels. Satellite radio provides variety and quality that are not available elsewhere. I pay for these services and it should not be up to the NAB to dictate what I'm permitted to hear. I respectfully urge the FCC to reject the NAB's petition 04-160 and to support XM's (and all satellite (Sirius) and internet radio providers) ability to provide the kind of programming that I demand and deserve.
